

A blue metal frame assembly, likely for a machine. It features a white control unit with a red emergency stop button mounted on a horizontal bar. A black cable runs along the frame. The frame has four horizontal bars and two vertical legs. The control unit is mounted on the second bar from the top. The cable is connected to the control unit and runs down the frame. The frame is made of blue-painted metal. The control unit is white with a red button. The cable is black and flexible. The frame has a sturdy design with multiple cross-braces. The control unit is labeled with 'GROM' and some technical specifications. The red button is a standard emergency stop button. The cable is protected by a braided shield. The frame is designed for easy installation and maintenance. The overall appearance is professional and industrial.

- for wall mounted fittings
- suitable for trim sets Europlus E 36 042 SD0, Essence E 36 447 000 and Eurocube E 36 442 000
- 1.13 m installation height
- for on-the-wall installations or studded walls
- powder coated steel frame, self-supporting
- for dry-cladding, completely pre-assembled
- quick adjustment, lockable
- fixing material
- wash basin fixing bolts M10 with fixing device for ceramic
